An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Douglass on 12/01/05.

The application has been amended as follows:

Claim 9 has been amended to replace the term "and" in line 3 with new term "or".

Claim 17 has been amended to depend on claim 15.

Allowable Subject Matter

Claim 1-15 and 17-27 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 10, 19, and 22, prior art teaches a gamma camera housing comprising a plurality of panels to shield radiation, wherein said panels are constructed from at least one of lead, tungsten, tantalum, and aluminum. Prior art fails to teach or suggest providing an external housing comprising a plurality of walls for supporting the internal housing, nor does prior art provide motivation to support panels constructed from at least one of lead, tungsten, tantalum, and aluminum.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
